CHICOPEE COMPREHENSIVE HIGH SCHOOL

Chicopee, Massachusetts

Editor-in-Chief: Michael Rogers

Co-Editor: Beverly Dec

Choosing a person to whom to dedicate our yearbook is not an easy task for this person must be someone special. He has always been a special teacher to his senior classes, both present and past. Beneath his calm outer exterior lies a wit and a youthful vitality for life with which we can identify. There can be no measurement taken of the influence he has had on his students, for how can one measure the way he teaches us to strive to understand ourselves and our world. His dedication to students goes outside the classroom. He has taken little credit for the time and work unselfishly given to make our senior year unforgettably better than the rest. Yet, he has given more than this; to each of us he has given a part of himself. With sincere affection, we the class of 1967 dedicate our Memini to Mr. Vail Otis.

FACULTY AND ADMINISTRATION

What Greater or Better Gift Can We Offer the Republic Than to Teach and Instruct Our Youth?

Cicero

No one could foresee that February 13 was to be one of Comprehensive's saddest days for its faculty and student body, the day of the sudden passing of Mr. Everett Sittard, our Director of Music for the public school system of Chicopee. He will long be missed and always remembered by those who had the privilege of knowing and working with him.

An excellent pianist and organist, his wonderful talent was enjoyed by all who heard him in our churches and as music educator in our schools. Following his graduation from Chicopee High School in 1928, he majored in piano and organ at the New England Conservatory of Music in Boston where he was graduated in 1932. He then served as music supervisor in the Easthampton school system before coming to Chicopee. An active member of the Chicopee Teachers Association, National Conference of Music Educators, Mr. Sittard was dedicated to the education, health, and safety of the community.

In the annals of the Chicopee schools, the name of Everett Sittard will always bring to memory a fine, dedicated man, loved and respected by all, one whose contributions to the music field cannot be measured. "The sense of musical delight, with the power of producing it, is a gift." Such was the gift of Everett Sittard.

For the second time during our senior year at Comp, death took a member of our faculty. On March 2, Mr. Simon A. Simon of our Science Department passed away. He was best known by teachers and students who were interested in the science field.

Mr. Simon had a most impressive record prior to his teaching career, which began six years ago. A graduate of Stafford Springs High School in Connecticut, he received his Bachelor of Science degree in chemistry from Tufts University in 1935. From 1936 to 1943, he worked in the cotton research division at the Chicopee Manufacturing Company. He then became an internal chemist and later chief research chemist for the company. Mr. Simon had the great distinction of having his name placed in the **American Men of Science,** a biographical directory, in 1935. He left this position in industry to accept the post of physics teacher in the Chicopee school system. He was a member of associations and societies including the National Science Teachers Association, New England Association of Chemistry Teachers, and numerous others. In civic organizations he was a high-ranking member of the Knights of Columbus and a member of the Longmeadow Lions Club and the Home City Council.

A man of Mr. Simon's background, distinction, and teaching ability will be greatly missed by both students and faculty members in our school system.

Today's society with its advances in all areas of human and scientific knowledge demands that, as individuals, you continue your search toward enlightenment. Your demonstrated success in the completion of secondary education should be acknowledged as the first of many milestones in the pursuit of human understanding. The future of "our way of life" will in major part be determined by your acceptance of this great challenge. Many of you will seek further education through formal schooling, however, all of you must continue your education through self-improvement toward preparing yourselves for positive contributions to society.

Allow me to extend my sincere best wishes for health, happiness, and success in all your future endeavors.

Dr. George Membrino

Now as you are all gathered in this one volume, you can look back upon the last four years with pride, knowing that you have done your best; for your school, your class and yourselves.

We will not wish you "good luck" because luck has only a minor part in your future. Our wish is that you will retain all of those qualities of working together which you have demonstrated to a degree surpassed by no other.

As you leave us, take with you our firm wish that you will make the most of all your opportunities.

George M. Zermody

Dr. Francis J. Crane Sr.

To the Class of 1967:
Congratulations to each member of the class of 1967 on a job well done. Without a doubt yours has been one of the best classes to graduate from Comprehensive High School.

Four years ago the task loomed before you and you began it with some misgivings for your hands were unskilled and your minds and hearts weak with the weakness of immaturity. Four years have passed since you first entered Comprehensive. You can now gaze at your handiwork and be proud in the belief that you have done your best.

Be ever thankful to the men and women who guided your inexperienced hands, bore patiently with your many weaknesses and made the task possible of fulfillment.

May your future be filled with health, happiness and good fortune.

Your Principal,

Stanley J. Zemba

To the Class of 1967:
Society demands much of an individual. One is required to make adjustments to new places, new things and to new people.

To a large degree one's ultimate goal, happiness, is determined by how well these adjustments are made. Adjustment does not necessarily mean the adopting of every new idea and concept that appears on the scene. Rather, it means the ability to scrutinize and evaluate these new concepts and, more often than not, to reject them. Rejecting something which is popular or fashionable is extremely difficult; this is a true test of one's character.

Refusal to give up old concepts which you know have been tried and tested is often very difficult when society begins to demand that you do just that.

How well you run this course of accepting new ideas and retaining old concepts will determine in the final analysis your real character and values. This will determine your happiness as a human being.

Your Vice-Principal,

William Conroe

To the Class of 1967:
I am very honored to have the opportunity to extend my congratulations to the Chicopee Comprehensive High School of 1967. For some of you the learning experiences here were pleasurable; for some others, possibly, somewhat less. Nevertheless you are now more learned and more mature than when you first stepped through our portals. I hope that your education has been truly "comprehensive," so that you are able to meet future demands in our rapidly changing world with confidence and happiness.

Whether you will now immediately pursue your chosen field of work or first go on toward a higher educational goal, I wish you all much success. We will always be here, days and evenings, ready to assist you if you wish to return and gain some more knowledge in the various fields of academics, vocations, or practical arts.

Your Vice-Principal,

Alfred R. Rios

In Memoriam

Barbara Montos
1949-1964

Death, Be Not Proud

Death be not proud, though some have called thee
Mighty and dreadful, for thou are not so;
For those whom thou think'st thou dost overthrow
Die not, poor Death; nor yet canst thou kill me.
From rest and sleep, which but thy picture be,
Much pleasure; then from thee much more must flow;
And soonest our best men with thee do go—
Rest of their bones and soul's delivery!
Thou'rt slave to fate, chance kings and desperate men,
And dost with poison, war, and sickness dwell;
And poppy or charms can make us sleep as well
And better than thy stroke. Why swell'st thou then?
One short sleep past, we wake eternally,
And Death shall be no more: Death, thou shalt die.

John Donne

Even with the grim surroundings, Moushey brought some joy to Anne (Roberta Godin) and Peter (Bob Sayre).

Anne prepares to visit Peter in his room against the wishes of her mother (Bev Bak).

Part of the family look on as Mr. Frank (Dan Powell) lights the first candle of Hanukkah as a symbol of hope for the coming year.

The Class of 1967 Presents . . .

. . . The Diary of Anne Frank

Mr. Van Daan (John Wilson) takes his wife's (Ellen Moriarty) most prized possession.

Anne tries to raise Peter's hopes for better times to come.

Overcome by hunger, Mr. Van Daan is caught stealing the bread of the family.

Sandy Pope and Roberta Godin get ready for the rising of the curtain.

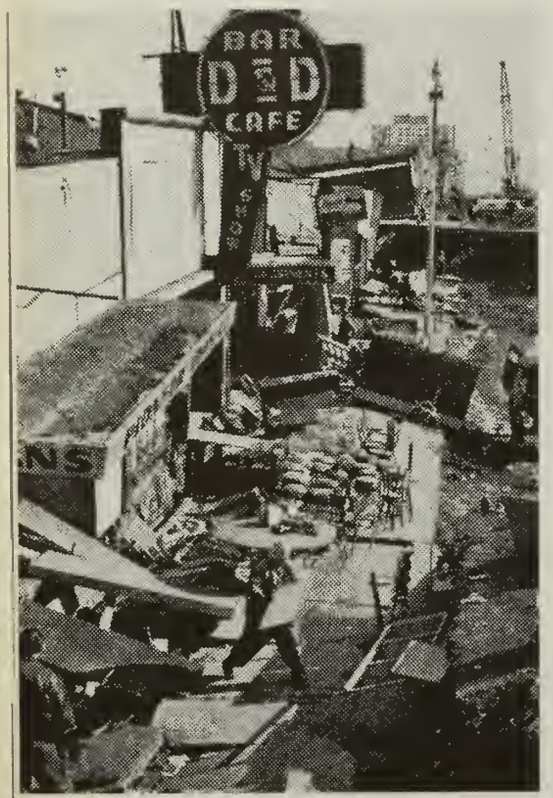
Our Class

And Its Four Years in High School



Freshmen Year

1963–1964

In September 1963, the class of 1967 walked through the doors of Chicopee Comprehensive High School for the first time, with high hopes. For eight years we, watching from the outside, had felt that the life inside was the one big bowl of happiness (boy, were we wrong!) As soon as we stepped inside, we were hit with a series of forms, the memorizing of locker combinations, bus cards, and the three minute race to classes. In addition to all this, we lost our mid-morning snack break (and got a mid-morning lunch break.) Being the sound, intelligent frosh we were, we quickly adjusted ourselves to being part computer, weight lifter (Oh, those books!) and track star.

Our first great sting in national affairs was the assassination of our beloved President, John F. Kennedy. With his burial a small part of each of us was buried. Good Friday brought more tragedy as a disastrous earthquake ruined much of Alaska.

On the lighter side, the World's Fair opened in New York. The fair proved to be among the most spectacular ever.

The new year brought the new sounds in music—the Beatles, who introduced a whole new style with their shaggy hair.

We watched as many traditions were established at Comp. The "Comp Chronicle" made its debut, the first Hoot 'n' rally was held, and our first "As Schools Match Wits" team appeared on the quiz show.

In the sports field, Chicopee Comp excelled. Our football team brought in five wins, the soccer team five, and the basketball squad twelve.

The biggest thing was the crazy elephant joke:

Q. How did ducks get flat feet?
A. From stamping out forest fires.
Q. How did elephants get flat feet?
A. From stamping out flaming ducks.

Finally June came, bringing with it high hopes for vacation and for our sophomore year.

Sophomore Year
1964–1965

We entered the doors of Comp for the 64–65 school year feeling like old pros. As mighty sophomores we laughed at the conspicuous frosh who were always lost. Everyone's schedule was different. But we all had good old biology. Remember the evil smiles of the boys, the terrified eyes of the girls, as we explored the insides of those poor little frogs?

We joined the entire world in watching with great surprise the retirement of Russia's Nikita Kruschev, and again added our emotions to the world as we learned of the deaths of former President Herbert Hoover and British statesman Winston Churchill.

More firsts were taking place in our own little world at Comp. In the first annual Chicopee-Comp football game our team captured the old Ames sword with a 13–6 victory. The Colts' basketball team amazed everyone (except us loyal Comp rooters of course) as they took the Valley League title and then the Western Mass. title. To top off our victories, the hockey team, the tennis team, and the golf team captured the hearts of their rooters as they captured their league titles.

Happiness was everything from the Beatles to skateboards, the sidewalk set's answer to oceanside surfers. Everyone became an amateur spy, turning toothbrushes, old shoes, and even false teeth into short wave radios. The popular song "Are You a Boy or Are You a Girl?" went along with the matching boy-girl haircuts.

As we watched Comp's first senior class graduate we eagerly looked forward to OUR first year as an organized class.

Junior Year
1965–1966

We returned to the grind in September of '65 as upper classmen. Finally! As we plunged into our studies we found the old adage to prove true stating that the junior year is the hardest. Chemistry, Algebra II, and **Moby Dick** kept us up late at night but we always managed to catch up on lost sleep in class the next day.

As September turned to October we were again caught up in the thrill of competition. Our first fall in the A.A. Conference in football was filled with many exciting games. The stands were filled with anxious fans who cheered throughout the game between Comp and Chicopee High. Despite the efforts of our team we were forced to relinquish the treasured sword to our arch rivals. The Comp Mermen swam to a tri-championship of the Valley League with a stunning win-loss record of 8–1. With spring came baseball and with baseball came the Valley League Championship.

For the first time we were an organized class, led by Bill Gilmartin, Angela Panagotopolos, Sue Drawdy, and Fred Sujat, faced with the problem of raising money. The combined profits from our magazines and candy sales brought a total of about $5000.

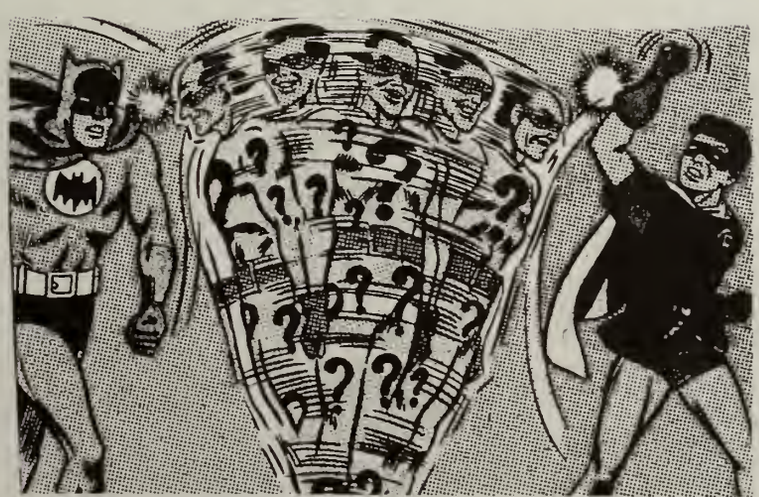
Class rings came in Janurary and we could be seen in class and in the halls admiring and subconsciously polishing our newly acquired status symbols.

The first big social event of the year that we had a hand in planning was the Jr.-Sr. Cotillion, "Wonderland by Night." Left on our own in May, we showed our true creativity in planning, coordinating, and decorating for the Junior Prom, "Moonlight and Roses."

On the home scene things were jumping. Batman made his debut in January with Robin, the Boy Wonder, close at hand forever voicing small bits of wisdom. The Beatles, the favorite group of many, were slowly losing ground to the Stones, Turtles, Byrds, Animals, Loving Spoonful and others. The "in" fad was protesting and picketing, the causes of which were put to music by Bob Dylan, Donovan and Joan Baez. The English influence was strongly affecting fashion for both male and female, although not too many examples were in evidence around Comp.

Farther from home our involvement in Viet Nam was getting deeper and affecting more and more people at Comp. Still of world importance was the success of the first space rendezvous between the Gemini spacecraft and the Agena rocket. An event of national importance that touched us here in Massachusetts was the Northeast power failure.

Our Junior year ended with no regrets; only hopes for a great summer and the greatest Senior class ever.



Senior Year

1966–1967

It was early September, 1966. For the last time we poured through the doors of Comp, knowing we had finally made it: we were seniors. As we scurried around, looking for old friends, we surveyed the new faces in the halls. This year's freshman class was gigantic, but the new ninth graders were no different from last year's group. They still looked confused, a little scared, and so young. "Surely," we thought, "we never looked like those kids!"

A lot happened after that first week. It was a year of "firsts" both in and out of school. Comp and Vocational merged this year, forming one school for the first time. Along with the new students, we acquired a new vice-principal.

Another "first"—the junior and senior girls started a new tradition (we hope) when they played Comp's first powder-puff football game. The final score was a 6–6 tie, but given more time, the seniors would have been sure to win.

National firsts included the Super Bowl, played in January between the champions of the American and National Football Leagues. The Kansas City Chiefs lost to the NFL's Green Bay Packers.

Politically, it was also a year of "firsts." In our own Massachusetts, Edward Brooke became the first Negro elected to the Senate in eighty-six years. It was a very good year for actors and restaurant owners as one of each became the governor of a state. And in Alabama, as Mrs. Lurleen Wallace succeeded her husband as the state's Chief Executive.

The U.S. made many strides forward into the realm of space and the two-man Gemini program closed with the record-breaking Lovell-Aldrin Gemini 12 flight. The three-man Apollo program began and put us even closer to the moon.

Walt Disney, beloved creater of Donald Duck and Mickey Mouse, died. He left behind a legacy of American favorites including Disneyland and numerous films.

Internationally, there were still problems during our senior year. The war in Vietnam did not end, or even approach an ending. India's people still faced starvation and Red China was in a state of turmoil with civil war threatening. French President De Gaulle suddenly turned his back on NATO and removed his French forces from the military organization. NATO promptly withdrew its headquarters from France and moved to Belgium.

COMP-VOCATIONAL MERGE; A "FIRST" IN MASSACHUSETTS

Satisfaction smiles across the faces of Mr. Coscore, Mr. Ziemba and Mr. Rios.

Fashion wise it was the year of the boy-loved mini-skirt. It began in London a few inches above the knees but soon had ascended far enough to require a pair of shorts underneath. Pants suits were popular during fall and winter as practical solutions to the problem of cold weather.

In the music world, the group which began it all during our freshman year began breaking up. Beatle John Lennon had his hair cut for his first movie and the other Beatles went their separate ways as well. However, such groups as the New Vaudeville Band with their sounds of the Twenties and Bob Dylan's "folk-rock" imitators tried to fill their boots. The Monkees even had their own TV show.

In February the senior class play was scheduled. Under the direction of Mr. Otis, the cast presented a serious drama, "The Diary of Anne Frank." Leading roles were ably played by Roberta Godin and Bob Sayre.

This year marked a "last" we had been grateful for since freshman year: half-days. From 1967 on, all the classes had to struggle through mid-years and finals and attend school all day, too.

At the end of a difficult but fun-filled year, we became the first senior class not to graduate on a Saturday afternoon but we received our diplomas on a Friday evening. Even this could not diminish our pride or our sorrow at leaving Comp after four memorable years.

Make Sure You Do It Well.

Mike Rogers

To capture the spirit that exists in a school is not an easy task. Through **Memini '67** we, the editors, have made a sincere attempt to produce a pictorial representation of the many lives of Chicopee Comp. Without the trials and tribulations, happiness and joy, a school is nothing more than a place where we come and exist for six hours a day. Comp is not such a place. Comp is alive, vibrant and evergrowing. We have tried to capture the spirit and instill it within these pages. To all those who have in any way aided us in this task, which would have been impossible had it not been for your help we say thank you.

COMP CHRONICLE

A common sight in study halls this year was a student reading the Comp Chronicle. With the leadership of Mr. Ryan, the staff of the school newspaper was able to produce an issue of the Chronicle each month. The paper provided a complete summary of school news, different interpretations of the news, a humorous side of learning, and a wrap up of school sports.

The Editor-in-Chief was Donna Charette. Each page also had an editor—News Page, Linda Shea; Editorial Page, Karen Strickland; Feature Page, Angela Panagotopulos; and Sports Page, Gary Anderson.

L'ESPIRIT

The staff of the L'ESPRIT is a group of dedicated students who have combined their talents to publish the literary magazine. Through the L'ESPRIT, many students had a chance to have their work recognized. The greatest importance the literary magazine serves is that students' talents can be recognized and praised, giving these students the will to further their literary work.

Student Government

The Student Council composed of five elected representatives from each class is the leading organization of significance at Comp. Through the sponsoring of an annual Get-Acquainted Dance and other various fund raising activities it is able to present several scholarships to worthy senior graduates. Other worthwhile activities which the council sponsors are the Christmas can food appeal and the March of Dimes Drive. Officers for this year have been Linda Shea, President; Mike Kosik, Vice President; Eileen O'Conner, Secretary; and Joan Hannigan, Treasurer.

School's Match Wits Panel

This year our team was composed of Michael Kozik, William Gilmartin, Michael Rogers, William Weslowski, and alternate Evelyn Chemeilis. To qualify for the team, an objective test of general information was administered to all those who were interested in participating on the panel. These students scored the highest in the exam. The team drilled for weeks before entering competition on television. The secret to the success of this team is not how much each member knows, but how quickly he can recall it. The panel was coached by Mr. Jendrysik.

Sitting—Evelyn Chimelis, **Standing**—William Weslowski, William Gillmartin, Michael Kozik, and Michael Rogers.

National Honor Society

1st row—Beverly Dec, Mr. Otis Barbara Donaghue, Karen Strickland, Sandy Pope, Allen Hrycay, Joan Hannigan, Karen Sheehan. 2nd row—Roberta Godin, Candace Healy, Jane Barker, Charlotte Dion, Carol Kokoszka, Barbara Taraska, Brenda Haas, Pamela Vanderlick, Cynthia Urbanski, Karen Smith, William Weslowski. 3rd row—Kathleen Thorstenson, Angela Panagotopolous, Adrienne James, Brenda Sue Drawdy, Judy Sommers, Kathleen Teehan, Cheryl Wright, Lucienne Tremblay, Fred Sujat. 4th row—Steve Fields, Carl Shrom, William Gilmartin, Charles Neil, Terry Newgreen, William Scapiro, Joseph Ausikaitis, Stephen Dykes, Thomas Jozefczyk, Donald Sadjak, Michael Rogers.

Scholastic Excellence

One of the most enthusiastic organizations at Comp is the National Honor Society. It is composed of all those senior students who have kept their scholastic average above eighty-five throughout high school. Most people think that to be smart makes this club different from others, but they are very wrong. The Society functions just as any other club does. Different projects such as selling programs at basketball games, selling windshield scrapers and a newspaper drive provides money for a year end trip.

Sitting—Barbara Donoghue, Karen Strickland, William Weslowski, Allen Hrycay, Joan Hannigan. Standing—Thomas Jozefczyk, Beverly Dec, Candy Healy, Brenda Haas, Jane Barker, Frederick Sujat.

Pro Merito

The Pro Merito Society is made of the eleven seniors who maintained an average of ninety or better throughout their four years in high school. Each was given a pass which enabled them to leave study halls and spend the time in a room set off from the library designated for them. In the Pro Merito Room, they could study or talk. It was equipped with a radio, comfortable chairs, and a couch. It was worth the efforts of studying to enjoy these privileges their senior year.

Debate Club

Front row Tina Poplowski, Susan Lupien, Ann Crowley, advisor—Mr. Jendrysik, **Back row** Tom Gilmartin, Mike Kozik, Fred Sujat.

The Debate Club

The Comp Debate Team, advised by Mr. Stephen Jendrysik, has had a successful year as a member of the Connecticut Valley Debate League. Throughout the year, the Comp team debated the 15 teams in the league. Also the debate team attended many independent tournaments. In December 1966, the Comp team played host to the 15 teams in the league.

The final meet of the season consisted of a banquet honoring the top three teams in the league.

Chess Club

The Chess Club is one of the larger and more enthusiastic clubs at Comp. Many of the members are excellent Chess players, but there are members who are new to the game. The Chess Club has won many victories over other schools, giving the club itself merit and recognition. If you would ever like to learn the game or play with more advanced players, the Chess Club can provide this experience.

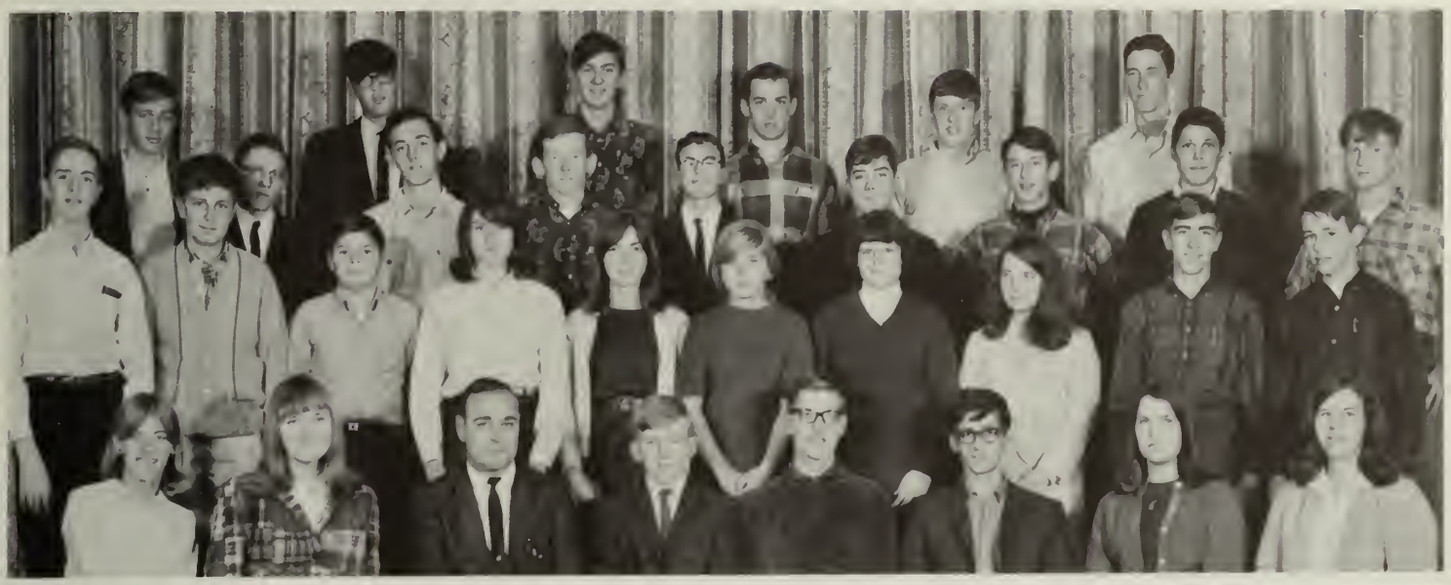
T.V. Club

One of the most modern features in Comprehensive High School is its closed circuit television station. CCHS-TV enlarges the scope of education in Comp by giving the students a chance to see programs that would otherwise be missed. Although most programs originate in the A-V Room Studio, CCHS-TV has facilities to televise from ten other locations in the building, making possibilities unlimited.

CCHS-TV is operated by Comp's own TV Staff, a closely knit organization of boys and girls whose talents range from the highly technical to public relations. TV training can be of help in the future.

Bowling League



Members include; Dave Ewing, Bill Walkins, Dan Reed, Paul Thibodeau, Pat Hutchinson, Debbie Ewing, Beth Schimke, Becky Simmons, Adviser; Mr. Joseph Perlik; Gary Ewing, George Fredette, Gary Ewing, Gary Strong, David Cote, Norman Rivet, Clay Rullman, Steve Scoles, Ed Valego, Mike Merrymen, Dutch Merrymen.

Pep Club

The Pep Club lives true to its name. It is responsible for aiding the cheerleaders in spreading school spirit at football games. Its members, mostly girls, are interested in the viewer's side of sports. In the past this organization has sold shakers, held bake sales, and has generated a feeling of school spirit throughout the student body. This year the club was under the guidance of Miss MacDonald and Mrs. Costello.

Art Club

The Art Club enables students who have a great interest in art to spend more time on the art work of their choice. It is a time when they can work freely and at their own pace. Besides being able to paint, sculpture, and print, they also travel to various places of art interest.

Latin is a very useful but hard language to learn. The Latin Club is for those people who are interested in the basics, but who also want to know about its origgin and its background. Although Latin is considered a dead language, few of us realize how much it is used today. The club helps members in their school work and life. Of course, the Latin Club is a place to meet new people and share each others interests.

The French Club, advised by Mr. Morrisette, has had many activities such as: a Thanksgiving Day Dance, a car wash, and the selling of light bulbs in order to raise money. With this money the club plans to go to the World's Fair in Montreal. Also the club showed movie films on France in order that they might learn more about France.

The Spanish Club consists of students from all four classes who are interested in Spanish culture. Students do not have to take Spanish as a subject to become a member. The advisor is Mr. Mayfield. The club has an annual Christmas Party. They also take a trip each year with money earned through bake sales. Many people who have been to Spain and know the culture visit the club often. This is a good organization and has many good activities.

Future Careers

The Future Teachers Of America consists of Junior and Senior students who are interested in teaching. These students visit colleges in the area. In order to raise funds for the club the members have a bake sale at the first open house of the school year. With some of the money the club receives they have an annual Christmas Party for the teachers' children. It is an interesting club.

Home Ec.

The Home Economics Club is open to all girls in all classes. Meetings are held every Monday, giving the girls an opportunity to work on individual projects. Their projects are not only in sewing, but in knitting and other crafts as well. The club is under the guidance of Miss Frost, a home economics teacher.

Throughout the year, we felt pride whenever we saw our Marching Band, Concert Band, G Clefs, F Clefs or Chorus perform. Under the direction of Mr. Alan Sittard, these organizations within the Music Department gave us reason to hold our heads higher than students of any other schools could. The Marching Band played at halftime at the football games, the St. Patrick's Day parade, the Veteran's Day parade, and the Memorial Day parade. The Concert Band started a tradition by performing with the Chicopee High Concert Band at a joint concert. They also played at the Christmas Assembly, Spring Concert and graduation. The G Clefs and F Clefs sang at the Elks Memorial Service, the Frolics and graduation. The chorus added to the atmosphere and over all sound effect of the many outings.

SPORTS

Honor the game thou playest
For he who plays the game straight
And hard wins even when he loses.

Baseball Hall of Fame

Soccer

In 1966, the Chicopee Comprehensive soccer team came to realize its finest season in its short history. Under the leadership of senior co-captains John Hurley and Mike Borfitz, the Comp booters set a school record for number of victories and were in every game they played. Though the team had numerous wins, the highlight of the season came when the team almost upset Ludlow and served notice that they were the team of the future.

The Senior Lettermen that will be leaving the squad are co-captains John Hurley and Mike Borfitz, and Danny Powell. Comp's future looks bright because next year the team will have John Taylor, Paul Bushey, Bill Chaffee, Pat Levesque, Jim Hurley, and Jim Pasturczyk returning to form the core of the 1967 soccer team.

1966 was not without personal honors even though the team lost several games. John Taylor, a junior letterman was selected as the first string outside left on the All Pioneer Valley league team.

Despite the fact that our football season was typified by a series of defeats, the Colts, none the less, displayed competitive spirit, and, working as a hard-hitting team, overcame such difficulties as injuries and lack of experience. The Colts, excellently coached by Leroy White, completed the football season with many extremely close games that showed Comp was not to be ignored or considered an easy mark by any other team.

Spurred on by captains George Airoldi, Ken Babineau, Mike Lyons, and Bill Vanselette, the team's desire to win was substituted for their lack of experience. Chargers Bob Parent and Tom Carrol led the line, while the backfield of Francis Brunelle, John Supernaut, Bob Bialis and the powerful Hawaii Punch of Dave Kaaihue gained necessary yardage. Other outstanding players were Allen Douglas and Hoyt Jolly.

With many experienced players returning next year, Coach White hopes to make the Colts a more formidable foe.

Colt Defense

Basketball

Rich Hundley goes way up for a rebound against Turners.

Natural talent combined with good sportsmanship and willingness to work made the closing of Comp's season a very successful one. After a few tragic defeats the Colts were spurred on to victory by the accurate shooting and rebounding of Rich Hundley and Joe Ausikaitis, leading scorers for the year.

Comp has shown itself to be a formidable foe by beating such schools as Westfield, Holyoke, and Northampton while giving Chicopee and Catholic real battles. Most games dropped to other schools were lost only after grueling battles and close scoring. Forwards Joe Ausikaitis and Rich Hundley center Steve Jasinski and guards Bob Bialis and George Airoldi composed the starting five. Mike Rogers, Dave Salter, John Suprenant and Bill LaBreque provided the team with constant support throughout the year. Comp's varsity team played every game with a team effort.

Comp's Junior Varsity and the sophomores and juniors on the varsity are hopeful prospects for the future. Coach O'Brien brilliantly coached his team, while Rick Winn provided the necessary player leadership.

The team huddles before taking the floor.

Co-captain—George Airoldi.

Comp swimmers are off!

Swimming

Despite only a five hundred record, the Chicopee Comprehensive swim team of 1966–1967 conducted a successful campaign. Hampered by the graduation of several swimmers and the departure of many others, the Comp team nevertheless held their own in the Pioneer Valley League. Many pool records were broken by Comp mermen and the team was never out of any meet in which it competed.

Outstanding swimmers for Comp were Co-Captain Bill Wendry, Co-Captain Cliff Payne, Bill Nugent, Mike Borfitz, and Mike Szawisa. These swimmers accounted for most of the individual victories on the Comp swim team and led the team to its victories.

Even though the year 1966–1967 was classified as a rebuilding year, the Chicopee Comprehensive swim team did better than expected. With the graduation of only a few swimmers and a strong nucleus returning next year, the Comp swim team of 1967–1968 figures to be right in the middle of the fight for the Pioneer Valley League championship.

As one swimmer touches the next one is off in an attempt to set a pool record.

Hockey

Comp's young and inexperienced hockey team suffered through a very frustrating season. The team was led by captain John Hurley and one experienced line of John Taylor and Dave Gibbs. Due to the graduation of the two starting lines, this year's team was not able to remain in contention for the playoffs. The team did make a valiant effort to make Coach McClellands premier season successful. The defense was led by John Gula, Ted Pietras, and Frank Topor. Next season promises to be more successful as an experienced nucleus composed of John Taylor, Dave Gibbs, Ted Pietras, John Gula, Jim Hurley, Bill Chaffee and Mike Jozefczyk return to make Comp the powerhouse it was in the last seasons.
